Dear Sir or Madam:

In regards to your letter dated March 2, 2001 addressed to Allegheny Label Co. I am submitting a response. We received a letter addressed to the "Allegheny Label Co." with regard to the remediation of the Chemical Recovery Systems Site in Elyria, Ohio. Allegheny Plastics, Inc. is the name of our company and has been in operation since 1936. Originally the company was the Perno Chart Company and was located in Edgeworth Pennsylvania. Through growth and expansion, the company incorporated as Allegheny Plastics, Inc. in 1937. In 1993 Allegheny Printed Plastics, a division of Allegheny Plastics, Inc. was moved to 1224 Freedom Road, Cranberry, PA. During the years in question, 1974 through 1981, Allegheny operated this division on Thom Run Road in Coraopolis, PA. A review of our past records does not indicate that Allegheny Plastics, Inc. had any arrangements with the companies named in the general notice of liability.

Allegheny Plastics, Inc. has never been affiliated with, or conducted business under the name of Allegheny Label Co. Please review your records for accuracy regarding this matter. If you need further assistance please contact me at: (412) 749-0700 extension 201.

Sincerely,

Mick Witenki  
Human Resources Representative
